

## 2022/23 School Workbook At-A-Glance

Reach out to your child's teacher about your child's specific results.

### This Year We Worked On:

- Using data to inform instructional practices in numeracy and literacy
- Making Indigenous ways of knowing visible in our learning
- Celebrating and making visible our students' learning

### You Can Help By:

- Attending 3-way conferences, assemblies, and celebrations of student learning
- Supporting reading and math skill building at home
- Engaging with student progress on PowerSchool and MyBlueprint

### Next Year You Can Look Forward To:

- A home reading program in Grade 5
- Continued focus on instructional strategies to develop numeracy and literacy skills in all students
- Addition of twice-weekly numeracy block to enhance skill building for all students
